Executive View

Executive View

This Dashboard offers a high level snapshot of ATLIQ Grand's Performance, focusing on Weekly trends for ADR, RevPAR, and Occupancy%. It shows Revenue distribution by Room Category and Booking Platform and consolidates all properties KPIs for quick management assessment and Top-Level Monitoring

Booking View

Booking Insights

Focused on guest booking behavior, this view tracks weekly trends in ADR, RevPAR, and Occupancy%. It breaks down revenue by room category and emphasizes platform performance to determine the most effective booking channels. Key property KPIs are included to optimize booking strategies, pricing, and channel mix

KPI'S View

Executive View

This view provides a detailed performance diagnosis, breaking down ADR and RevPAR by city and room class. It contrasts weekday vs. weekend revenue and shows revenue contribution by city/class to guide pricing. Metrics like DBRN/DSRN/DURN by location/class and booking platform percentages offer deep operational insights for targeted improvements.
